## INTRODUCTION TO AUTODESK® INSTALLATION AND LICENSING

*An Introduction to Autodesk licensing, installation, cloud services, and subscription. This course is for CAD & BIM managers, IT technicians and managers responsible for Autodesk software purchasing and license management. This is a hands-on workshop designed to take the stress out of understanding, updating, and configuring your software assets.*

- Autodesk® Network License Manager installation and configuration
- Deployment creation
- Product or Suite installation from media or deployment
- Installation of service packs, updates, and object enablers

All Autodesk® products & services are delivered by PPI Group, a Topcon Solutions Store.
