

# BLUEBEAM REVU FOR CIVIL CONSTRUCTION

ONLINE COURSE OUTLINE

Solutions Store

(855) 289-1772

training@topconsolutions.com

Topcon Solutions proudly presents our first Bluebeam offering dedicated to the Civil Construction arena. This one-day course has been specifically designed to get users up to speed quickly and efficiently through hands-on exercises focused on Bluebeam's time saving smart tools. Furthermore, we will explore how Revu gives you a centralized place to create, annotate and share documents, so projects always stay on track and teams are aligned every step of the way.

**Prerequisite:** None
