TOPCON GENERAL CONSTRUCTION LASER

TOPCON RL-H5 SERIES

ALL-IN-ONE LASER

With great distance and high-accuracy — The RL-H5A is a next generation self-leveling construction laser.

- Long-range operation (800 m)
- Smart long-range receiver
- Simple, intuitive manual slope capability
- ±10 Arc second horizontal accuracy
- Extra-long battery life (100 hours)
- Tough IP66 weatherproof rating

Product Description	Part No.
RL-H5A w/LS-80L, Rechargeable Batteries	1021200-06
RL-H5A w/LS-80L, Alkaline Batteries	1021200-07
RL-H5A w/LS-100D, Rechargeable Batteries	1021200-08
RL-H5B w/LS-80L, Alkaline Batteries	1021200-31

INTERIOR LASERS

TOPCON RL-VH4DR

MULTI-PURPOSE ROTATING LASER

The RL-VH4DR is complete, dependable, durable, accurate, visible and affordable — compact in design with integrated handle and weighing close to nothing. It is truly portable and easy to set-up. Now you have the power to work the way you always wanted to work!

- Red beam version
- Green beam version
- Autoscan beam control with line drawing
- Remote control capabilities
- Horizontal and vertical orientation
- Complete package

Product Description	Part No.
RL-VH4DR Interior Package	313750752
RL-VH4DR-GC Package	313750722

RL-VH4DR Interior PKG includes: laser w/alkaline batteries, wall mount, & magnetic scan target, remote & case.

RL-VH4DR GC PKG includes: laser, LS-80L detector with Holder 6 and case.

TRIPODS

HEAVY DUTY ALUMINUM Q/L

CST/berger 60-ALQRI20-B

Lightweight, heavy gauge aluminum and the added stability of double banded legs put this extension leg tripod "head and shoulders" above the other aluminum tripods.

- Lightweight, heavy gauge aluminum
- Positive locking clamps
- Powder painted wear-resistant metal parts
- Heavy-duty poly-webbing shoulder strap

Product Description	Part No.
Heavy Duty Aluminum Q/L Tripod	60-ALQRI20-L

TOPCON SLOPE LASERS

RL-SV2S DUAL SLOPE

Multi-task rotating laser

The RL-SV2S is built for multitasking — Meaning you can use it for both construction and interior jobs ... jobs where you need a laser for horizontal, single slope, dual slope or vertical applications. This laser has all the features and is easy to use.

- Horizontal, single and dual slope
- Vertical function
- Full function radio remote
- Long-range operation (800m)
- Tough IP66 construction rating
- Extra-long battery life (120 hours)

Product Description	Part No.
RL-SV2S Dual Slope (+/- 5%) Standard	313990752
RL-SV2S Dual Slope (+/- 5%) Pro w/LS-100D	313990772
RL-SV1S/PS.RB, w/LS-80L, RBCell, US+AU	313990706
RL-SV1S/PS.DB, w/LS-80L, DBCell, US+AU	313990756
RL-SV1S/PS.RB.D, w/LS-100D, RBCell US+AU	313990776
RL-200-1S-L Single Slope	314910702
RL-200-1S-H Single Slope w/LS-100D	314910782
RL-200-2S-L Dual Slope	314920722
RL-200-2S-H Dual Slope w/LS-100D	314920782

L signifies a standard unit: Alkaline batteries, LS-80L detector w/ Holder 6.

H signifies a pro unit: Nicad batteries w/ charger, LS-100D w/ Holder 100 and the 2S-only comes w/ a Remote.

TOPCON RL-200 1S/2S

When slopes really need to be accurate

The RL-200 gives the machine operator a tool to set the desired cross slope and elevation values from the driver seat for improved productivity.

UTILITY LASERS

TP-L5 SERIES

The industry standard for pipe lasers

Combine features and technology that have proven to meet the demands of contractors, and you'll have a laser that more to the table than any other alignment laser on the market. Whether it's in the trenches, over-the-top, or for laser guidance in mining and tunneling, Topcon is the industry standard. Choose a super-bright red or high-visibility green beam.

- Ultra-visible GreenBeam® technology
- Most accurate grade and leveling
- SmartLine® auto-alignment system
- Toughest cast aluminum housing
- Built-in vertical plumb beam

MACHINE CONTROL LASER RECEIVERS

LS-B110/110W RECEIVER

Built for use. Designed for productivity.

Topcon's machine laser receivers and remote displays are value-priced grade control solutions for indicate and machine control automatic capability for dozers, scrapers, excavators, backhoes, and drag-boxes.

- Rugged, waterproof design
- 360° detection
- Multi-colour LED display
- Wireless & CAN compatible
- Plumb/Tilt Indication
- On-grade matching

OPTICAL INSTRUMENTS

TOPCON AT-B SERIES

Durable, dependable and precise auto-levels

Thanks to the finely tuned auto-collimation system, the Topcon line of AT-B auto-levels are the ideal device for determining height differentials on busy and noisy job sites.

- 3 Models - 32x, 28x and 24x magnifications
- Rapid, accurate, and stable automatic compensation
- Ultra-short 20cm focusing
- All-weather dependability
- Endless fine horizontal adjustments

Product Description	Part No.
Topcon AT-B4A Auto Level, X24	1012379-53
Topcon AT-B3A Auto Level, X28	1012379-03

LEVEL RODS

CRAIN CR SERIES

Durable, strong fiberglass

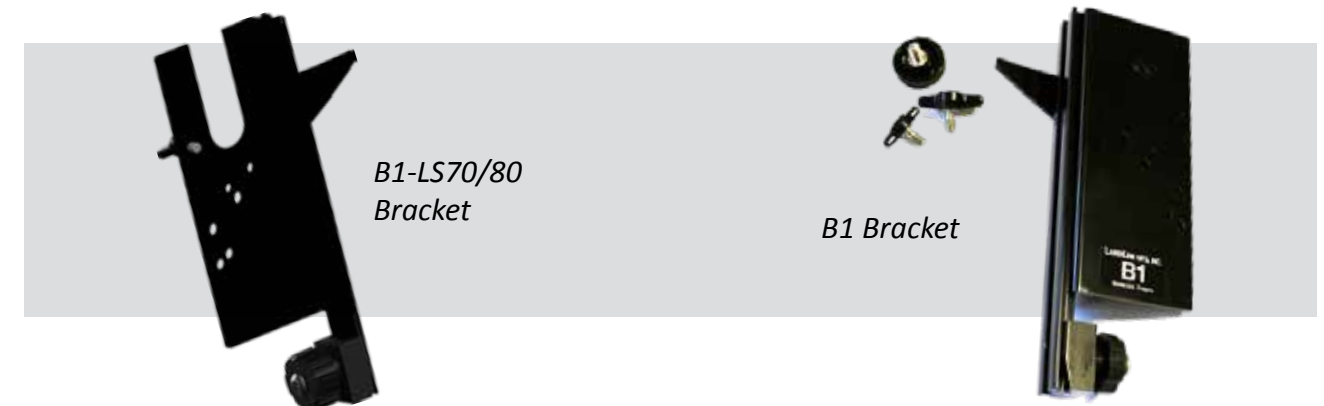

Crain's durable CR Series Leveling Rods are constructed of non-conductive fiberglass and are rectangular in shape with rounded back corners for a better grip. The scale width is graduated to fill the entire face of the rod and the CR's are equipped with stand-off ribs that protect the scale from wear.

- Water-proof and corrosion-resistant
- Reliable, unbreakable buttons securely lock sections together
- Easily removable locking mechanisms make disassembling for cleaning even easier

Product Description	Part No.
8' Crain Grade Rod*	92002 (inches) 92001 (10ths)
13' Crain Grade Rod*	92022 (inches) 92021 (10ths)

ELITE SURVEY SUITE

GEOPOSITIONING SOLUTIONS

Multiple Technologies, One Powerful Solution

Our new combination of products and services make your jobs faster, easier, and more profitable. Get the industry-leading solutions that can take your surveying to ELITE levels.

Product Description	Part No.
HiPer HR - Multi-Purpose GNSS Receiver	1015612-01
FC-5000 - Capacitive Multi-Touchscreen Controller	1010084-01
Magnet Field - Data Collection Software	1002832-01
GT Series - Robotic Total Station	1012292-X

High-speed tracking lets you move from point to point faster and with rock-solid lock, so you can just bag your shots.

The FC-5000: A fantastic, bright and responsive display, with lots of power and connectivity behind it.

Work with confidence and speed with HiPer HR: ultra-rugged, ultra-reliable GNSS tracking, and unique inertial leveling lets you get the shot with no fuss.

Magnet Field is mature, proven and offers efficient workflows for all the work you do. Built with connectivity in mind.

MACHINE CONTROL

3D-MC^{MAX}

Dozing Without Limitations

Redefine the capabilities of your dozer. The 3D-MC^{MAX} system uses two Inertial Measurement Units (IMU) that enable you to blade faster and smarter, without the need of a mast.

Product Description	Part No.
GX-55 Control Box	9000D-15
IMU Sensors	1009920-02
MC-R3 Receiver	9908-0022

VERTICAL CONSTRUCTION

Increase your productivity, reduce errors, and deliver business value every step of the way.

We have the solutions you need to improve the way buildings, infrastructure and utilities are planned, designed, built and managed today.

Workflow is the most important factor for BIM users. That's why we provide a complete solution tailored to your needs.

Our workflows start by placing points in your model with Autodesk Point Layout and then sending those points to the Total Station or Layout Navigator in the field. Through the synergy between Autodesk authoring tools and Topcon software and hardware solutions, we provide the fastest and easiest way to accomplish BIM to Field.

MARKING PAINT

AERVOE

#1 in Durability

A superior upside-down marking paint designed for survey marking. It provides the best quality paint in terms of color visibility, retention, and durability.

- Mark will last up to 6 months
- Non-freezing
- Operational to 14°F (-10°C)
- H.D. = high delivery (30% greater than other colors)
